

Started or Obtained New Colonies

Management Survey 2015

Average winter colony mortality suffered by beekeepers who reported they did not start or obtain new colonies, between April and March.

Winter

Report ID: 233-2015

Participant Ratio

Interpretation

Beekeepers who started or obtained new colonies did not report losing more or less overwintering colonies than those did not start or obtain new colonies. In other words, there was not a significant difference.

Survey Question

Did you start or obtain any new colonies between 1 April 2014 and 1 April 2015?
